

CLEAREDGE SHIFTING TO VIRTUAL EVENTS FOR SPRING

ClearEdge takes the health and well-being of our clients and employees seriously. With the recent outbreak of COVID-19 and in accordance to the latest CDC guidelines to avoid large gatherings and plane travel whenever possible, we have decided to postpone and/or re-format seven scheduled in-person ClearEdge events:

The affected events are:

- March 24: Regional Summit, Raleigh – *Postponed*
- April 7: Regional Summit, Houston – *Virtual Options*
- April 15: Software Asset Management Forum, Atlanta – *Postponed*
- April 22: Certification: Assessing Leverage & Inspecting for Risk, Dallas - *Postponed*
- April 23: Regional Summit, Washington, D.C. – *Virtual Options*

Education is a critical component of the service we offer in supporting our clients' efforts to compete effectively with IT suppliers. Over the next couple of months, we plan to deliver as much content as possible to you via the web and will introduce new ways to interact digitally with ClearEdge experts and your peers. Please stay tuned for details on how and when you may participate.

We are currently working with our host, Caesars Palace to reach a mutually agreeable solution for our signature event, the Annual IT Deal-Maker Summit, May 4-7, in Las Vegas and will update registrants as soon as possible.

We appreciate your understanding during these unusual circumstances, and look forward to seeing you in person, soon. Please feel free to contact your account team with any questions.

Thank you,
